There Was a Distinctive Broadening in the Dealings.

BROOKLYN TRANSIT SPURTED.

The Gain Was, However, Wiped Out Later-The General List Suffered Also in the Selling Movement Toward the Close.

(By Associated Press.)

(By Associated Press.)

NEW YORK, Aug. 15.—To-day's stock market was in many respects a counterpart of the early trading of the week. There was, however, more uniformity to the advancing tendency, exceptions being limited to only a few stocks. A distinctive broadening to the dealings aroused optimism to some quarters as to early participation in the market by the public. As an offset the bears dwelt on the New York city bank reserves and the usual contraction in general business in a presidential elect. The second of the law of the l

The stock market in detail showed conspicuous strength in many quarters, with the tendency for special stocks influenced by rumors. Brooklyn Transit spursed up 2 points on the reputed layorable character of its pending annual statement, but the announcement late in the day that the report would not be published for several weeks wiped out pretty much all that rise. Operations in the steel group were confined to narrow limits, and they closed somewhat off on bear pressure, due to another decline in warrants. Railroad stocks, particularly the granger group, received good support, but they suffered in common with the general list in the selling movement toward the close. At intervals to-day individual groups were singled out for an advance and as the room traders wener. general list in the selling movement toward the close. At intervals to-day individual groups were singled out for an advance, and as the room traders generally followed what appeared to be good buying, other stocks followed lost ground. Sugar, People's Gas and Consolidated Gas were conspicuous features in the market at different times, but in only the latter was there any material effect left of the demand, a net gain of Na points being established. Sentiment abroad was reported to be more favorably inclined toward American rails and London took almost 10,000 shares of stock. Profit-taking was indulged in in the late dealings, and the market gave way all around, ending under pressure.

More business was transacted in railroad bonds to-day than for some time, and there was a decided upward tendency for some /issues, particularly Atchison, St. Louis Southwestern 2's and Wabash debentures. Total sales, par value, 8310, 600. United States new 4's and the 5's aovanced 3; in the bid price.

Total sales of stocks to-day were 338, 600 shares.

COTTON MARKETS.

NEW YORK, Aug. 15.—COTTON—The market for cotton nutures opened barely steady 5 to 6 points lower, and ruled generally weak during the forenoon, owing to bear aggression and absence of anything like buil defence. The leading seners of yesterday started in on the call to depress prices still further and yo dislodge weak long stuff. The cables were sized up as of bearish average, the crop intelligence was encouraging, as a whole, while the weather reports told of heeded rains in the eastern beit and blerably clear conditions west of the Mississippi Valley. At the lowest point of the lorenoon prices were 6 to 8 points under the closing of last night, making the net loss since Moncay 22 to 25 points, shorts feeling manifest uneasiness over the oversoid condition of the market. From the feeling of nervousness shorts subsequently became positively trightened and were soon in full route. Covering was stimulated by a forecast for dry weather over the entire beit to-night and to-morrow, and predictions for continued light receipts. On the upturn the forenoon loss was not only recovered, but a considerable portion of yesterday's decline was wiped out. During the balance of the session the market was extremely reversh, with a tolerable firm undertone. of the session the market was extremely feverish, with a tolerable firm undertone. The close was steady, with August 1 The close was steady, with August 1 point and other months 5 to 8 points higher,

LYNCHBURG TOBACCO MARKET.

Luchburg, Va., Aug. 15, 1900. The receips of tobacco on the markets of the city or the past week have been wery light, Frices have been generally mustactory. The outlook for the tobacco crop's more favorable than has been generally thought by those most interested. Escateman who has traveled through Amerist and Nelson counties reported the prospect very satisfactory. through Anierst and Nelson countles reported the prospect very satisfactory. The acreage is about as usual, and with rain in six r eight days the crop will be of fairly god size and good quality. Reports from Bedford, Campbell, Appomatiox and Carlotte, while not quite as good as frm some other sections, yet with rain 1thin the next six or eight days the pospect is favorable in these countles fo a fairly good crop of very descending these.

counties for a fairly good crop of very destrable toacco.

There ha been rain in a portion of Amherst, elson and Campbell in the past few dys, and if this should be general within a day or two tobacconists may expecta crop of very good tobacco, one that vil be sought after and that will bring satisfactory prices to the planter ancturn out well for the buyer.

Lockhart's Mill-End Sale
AT THE MEYER STORE
FOR HALF DAY TO-DAY.

Thursday Being Employes' Half Holiday We Close Promptly at 1 o'Clock.

This is the second mill-end sale held by Mr. Lockhart at The Meyer Store, and it is by far the greatest legitimate selling event ever witnessed in Richmond. It is seldom that a Richmond store has to close its doors against a crowd of eager shoppers. Hundreds are witness to the fact that even our tremendous establishment could not cccommodate the great crowds, and on several occasions we were compelled to lock our doors against surging masses on the outside so as to permit shopping by those on the inside. We cannot give definite news about any specific goods because

MONEY COMES IN A BUNCH.

Council Committee on Light Does Not (By Associated Press.)

ATLANTA, GA., August 15.—H. E. Huntington, vice-president of the Southern Pacific Rallway Company, passed through Atlanta to-day on his way to New York to attend the funeral of his uncie, Collis P. Huntington, late president of the road Consider the Wallerstein Resolution - Railways and

Track Laying. It is claimed that some discrepancies

have been found in the reports made by the former keeper of Riverview cemetery.
Mr. F. A. French, in his monthly state-ments to the Council Committee on Ceme-teries as to the number of sales of plots

teries as to the number of sales of plots in that burying ground. No money, however, is thought to be due the city.

The investigation by both City Accountant Carlton McCarthy and the committee has developed into an interesting movement which the committee proposes to urge the City Council to adopt. Full light was thrown upon the matter at the meeting of the committee last night when Mr. ing of the committee last night when Mr.
McCarthy stated that Mr. French, in his
last report, before retiring as keeper of
the cemetery, paid in on July 31, 1900, 8475,
which made \$960.72 for the month—that
is, paying in money for plots which had
been bought as far back as seven years
ago. Investigation showed that no entries as to nineteen sections had been
made until July 19, 1900.

would probably tend to prevent such discrepancies from occurring.

It is probable that the committee will take steps at its next meeting to have the books fixed as suggested.

Mr. Beck asked as to the condition of Shockoe Hill cemetery, and asked that the superintendent. Mr. George B. Dawis, be heard in regard to the condition of the cemetery and as to what he thought to be the best method of putting it in a better condition. Mr. Davis gaid that just at this time of the year it would be almost impossible to get the cemetery in a good condition, and he thought that the money that the committee wanted to spend now should be spent in the spring of the year. The matter was only discussed and Little Katherine Hall, daughter of Mr. and Mrs. Hall, of No. 1833 Carrington Street, died Tuesday. The funeral took place from the residence yesterday and interment was made in Oakwood Cemetery. (Special Dispatch to the Times.)

The resolution of Councilman Joseph

Wallerstein to reduce the price of gas from \$1 to 80 cents per 1000 feet was read, but as the patron was not present it was not considered.

A committee consisting of Messrs. Ferriter, Winston and Teefey were appointed to find out the costs the city has had to pay for electric lights left not burning

during the nights recently.
RAILROAD ORDINANCES. The action of the Council Committee on Streets relative to the ordinances of the Chesapeake and Ohio Railway Company's

Chesapeake and Ohio Rathway established until next Wednesday afternoon at 5:30 o'clock. The committee met yesterday afternoon and considered several resolutions referring street improvements. The members present were Messrs, Pollock, Bahen, Whittet, King, Lawder, Woody, Glenn, Mills and Peters, together with City Engineer W. E. Cutshaw and Clerk

Mr. Lawder brought up the matter of laying the tracks of the line of the Rich-mond Passenger and Power Company along Louisiana Street, and moved that the committee require the work to be done at once, but subsequently withdrew his motion, after hearing a statement from Captain Andrew Pizzini, Jr., in which he said that he expected the rails would probably arrive within three days. The matter was

then dropped.

Mr. Glenn offered a resolution authorizing the granolithic paving of the sidewalks at Eighth and Main Streets. The paper was approved.

The Council Committee on First Market
met at 7:30 o'clock and transacted regular

CHICAGO, Aug. 15 .- A special to the

Record from Lincoln, Neb., says:

A sensation has ben caused by the discovery that Wharton Barker, the Middle of the Area of the Populist ticket, is ineligible for the office to which he aspires.

It is said that while superintending some improvements in Russia some years ago Mr. Barker was made "Lord of St. Wenchelas" by the Czar. Before accepting the title he did not ask Congress to grant the privilege, and he is, therefore, said to be ineligible because he forfeited his citizenship by accepting the honor without permission of the United States authorities.

If this proves true, Mr. Barker must
